TECHNOCRATS GROUP OF
INSTITUTIONS

(Approved by AICTE & NBA Accredited, Affiliated to RGPV, Bhopal)

Technocrats Group of Institutions, Bhopal was established in 1999. The aim of the group is work for the best, by following the principles of total quality education. The management is committed for providing all the necessities & requisites for providing excellent education. Research Publication Centre is established in Technocrats Group to promote the research environment in the institute. The aim of the Research Publication Centre is to provide the global platform to publish and share the innovative research ideas, review papers, original research articles, and scientific comments in all areas of Engineering, Basic Science, Pharmacy and Management in view of encouraging research environment in the institute.

Function of the Cell

- ✓ To develop and maintain the online journals in different disciplines of Science, Engineering, Mmanagement and Pharmacy.
- ✓ To maintain the quality of the publication, the manuscript is screened for plagiarism before peer review process and possible publications.
- ✓ The cell conducts several programmes to motivate the students to write and publish the research findings of projects and novel ideas.

Uniqueness

- ✓ Technocrats Group is the only group in MP who have 8 official Scientific Journals for different discipline of Engineering, Pharmacy and Management.
- ✓ Research Publication Centre is conducting various training activities to improve the research writing skill of the students.
- ✓ Students of final year can publish their project work in the form of research paper in theses online journals.
- ✓ More than 50 International Experts/Scientists from USA, Australia, Canada, Germany, UK, Europe, China and Malaysia are associated with journals as Editorial/Advisory members.

About Us

International Journal of Pharmacy Practice and Pharmaceutical Sciences (IJPPPS) is an international, peer reviewed, open access journal, aims to provide a scientific platform to promote excellence and advancement in the area of Pharmaceutical Sciences and Research. IJPPPS welcomes article submissions from various research areas of pharmacy.

International Journal of Pharmacy Practice and Pharmaceutical Sciences is a peer reviewed journal that publishes twice a year (June and December) on articles concerning research and development in all areas of Pharmacy i.e. Pharmaceutics, Pharmacology, Pharmaceutical Chemistry, Pharmacognosy, Pharmaceutical Analysis, Pharmaceutical Microbiology, Pharmaceutical, Clinical Pharmacy, Pharmaceutical Management, Health Care Management, Hospital Management, Biotechnology, Biochemistry, Pharmacy Bioinformatics Regulatory Affairs, Clinical Research, Hospital Pharmacy, Community, Pharmacy Practice and other pharmacy related fields.

Aim

International Journal of Pharmacy Practice and Pharmaceutical Sciences is an international, peer reviewed, open access, online journal that provides the international platform to publish and share the novel ideas, original research works, reviews papers, research articles and scientific comments on recent development in the field of Pharmaceutical Sciences and Advanced Technology in Pharmacy Practices. IJPPPS aims to encourage the academicians, researchers, research scholars, students and industrialists all over the world to deliberate upon latest research and innovation in various pharmacy related fields. We hope that researchers, research scholars, academicians, industrialists, etc. would make use of this journal publication for the development in the field of pharmaceutical science and advanced technology in pharmacy practices.

Scope

We accept the scientifically valid and technically sound manuscripts that are subject to a rigorous and blind peer-review process before the publication. By publishing with us, your research will get the global coverage and attention it deserves. The journal considers cutting-edge contributions across the breadth of different research areas in the field of pharmacy practice and pharmaceutical sciences mainly includes but not limited to Pharmaceutics, Pharmacology, Pharmaceutical Chemistry, Pharmacognosy, Pharmaceutical Analysis, Pharmaceutical Microbiology, Biochemistry, Pharmaceutical Biotechnology, Bioinformatics, Clinical Pharmacy, Pharmaceutical Management, Hospital Management, Health Care Management, Regulatory Affairs, Pharmacovigilance, Clinical Research, Hospital Pharmacy, Community Pharmacy, Quality Assurance, Pharmacy Practice, and other pharmacy related fields and more.

Editorial Board Members

Dr. Alireza Heidari, Professor and Director of the Biospectroscopy Core Research Laboratory at Faculty of Chemistry, California South University (CSU), California, USA.

Dr. G. K. Dash, Professor, Faculty of Pharmacy and Health Sciences, University Kuala Lumpur, Royal College of Medicine Perak, Ipoh, Malaysia.

Dr. Lokesh Deb, Scientist - C (Pharmacology), Institute of Bio-resources and Sustainable Development -Sikkim Centre, India.

Dr. Fathi Mohamed Sherif, Professor of Pharmacology, Department of Pharmacology and Clinical Pharmacy, University of Tripoli, Tripoli, Libya.

Dr. Rakesh Gollen, Associate Director, Clinical Pharmacokinetics Kinder Pharm LLC Exton, Pennsylvania, USA.

Dr. Abd El-aleem Saad Soliman Desoky, Assistant Professor of Agricultural Zoology Plant Protection Department, Faculty of Agriculture, Sohag University, Egypt.

Dr. Qayssar Joudah Fadheel, University of Kufa, Faculty of Pharmacy, Head of Department of Pharmacognosy and Medicinal Plants, Babylon Governorate, Iraq.

Dr. B. K. Dubey, Professor of Pharmaceutics, Technocrats TIT Group (Pharmacy). Bhopal, India.

Paper Presentation

Importance and Role of “Paper Presentation” in the students life

Presenting information clearly and effectively is a key skill in getting your message across. Now a days, paper presentation skills are very essentially required in the corporate world. The paper presentation topics are more valuable for the students to share their knowledge and improve their communication skills. These skills play a prominent role not only during their graduation course, but also after the completion of their course, especially during their job search and career advancement.

The other benefits to the students include:

1. Presentation can be a tool to measure how much students have learned or understood on the topics that they are going to present.
2. Presentation preparation helps students how to develop Power Point slides with clear, precise & succinct messages to audience.
3. Group presentation & preparation helps the team members to learn team work, team conflict resolution, team leadership etc.

Topics Covered

- Pharmaceutical Technology
- Bio-Pharmaceutics
- Pharmaceutical Analysis
- Pharmaceutical Sciences & Management
- Pharmaceutical Cell Biology
- Novel Drug Delivery
- Molecular Drug Design
- Drug Development Sciences
- Pharmacokinetics
- Pharmacognosy
- Pharmacogenomics and Functional Genomics
- Genomics and Proteomics
- Computational Genomics
- Pharmacology
- Quantitative and Systems Pharmacology
- Molecular Pharmacology
- Natural Product Research
- Computational Chemistry
- Organic Chemistry
- Phyto Chemistry
- Biochemistry
- Green Chemistry
- Pharmaceutical / Medicinal Chemistry
- Pharmacoeconomics
- Pharmacy Practice
- Clinical and Hospital Pharmacy
- Industrial Pharmacy
- Bio-informatics
- Bio-statistics
- Bio-medical Analysis
- Bio-Technology
- Therapeutic Bioengineering
- Biological Sciences
- Microbiology

National Level Paper Presentation Competition on “Recent Advances in Pharmaceutical Sciences” was organised at Technocrats, T.I.T Group of Institutions, Bhopal on 12th April, 2019.

Many students from different colleges have participated in this event. The main objective of organising this event is to bring students out of stage fear and also improve their communication, technical skills. It also provides you an opportunity to learn in detailed about a core subject which is a part of curriculum and develop effective presentation skills. Many Hindi medium students have participated in paper presentation event first time in their life. Many students gains confidence and also improve their technical knowledge about recent trends in their field.
